APRIL SHIPMENTS OF COAL LIGHTER THAN FOR YEARS

Strike at Mines Along Valley Cuts Down River Trade

IMPROVEMENTS AT LOCK 4

Advantage Taken of Dull Season to Fix Up Government Yards

As might be expected owing to the supsension of the miners the river shipments of coal from the local mines as well as from the Pittsburg harbor fell very much short of any previous month during the year, in fact for several years past. The total shipments for April, 1910, were but 5,607,000 bushels. While that for March, 1910, was 19.450,000 bushels, there being a falling off of 13,978.000 bushels.

The entire shipments for the month of April, although looking small, compartively speaking, were good considering that the coal mined and shipped came from the independent or unorganized mines, or those not controlled by the miners' union.

Supt. A. F. McGowan submits the following report, showing the commercial statistics for the month of April, 1910: Boats, barges and flats passed down, 644, containing 5,607.000 bushels of coal, nut coal and slack. There passed down 225 steamers, making 344 lockings. The record for up-stream traffic shows empty boats, barges and flats to be 753; steamers, 227; lockings 367; sand, 212,500 bushels.

A special shipment from the Monessen mills of the Pittsburg Steel company was made consisting of 125 tons of manufactured products consigned to one of their extensive warehouses in the south.

The steamboat men were not slow to take advantage of the shut down and have put all their towboats in splendid repair. Some have been docked and refitted, others were painted and cleaned up and the general appearance of the boats on the local waters was never better. During the dull season a general line of repairs has been going on at the different locks. At Lock No. 4 Superintendent McGowan and his force have not only been mindful of the needed repairs but have had an eye to the beautifying of the yards and grounds surrounding the Government property. At the locks the yards and lawns have been put in order, cement walks laid and many other needed and necessary repairs and much painting and white washing done. A special feature is the placing of a large porch box in front of the Government office which, when filled with flowers, plants and vines will be a "thing of beauty."

This week, beginning with the first of the month, most all the local

(Continued on Second Page).

Tax Levy 13 Mills.

The Washington council has fixed the tax rate for that borough for the ensuing year at 13 mills. This is half a mill lower than last year.

Will Receive Bids.

Bids will now be received by the Borough Clerk for the disposal of garbage during the ensuing year which begins June 10. All bids must be in by Tuesday evening, May 10.

Ira L. Nickeson, Borough Clerk.

Says He Would Only Carry the Cup Back

Capt. Jolliffe Claims, However, That Capt. Landefeld's Statement is Wrong

Capt. H. C. Landefeld of the Monongahela Cadets says that while he thinks the silver cup to be contested for by the competitive drill of the Boys Brigade is already in Monongahela, he sees no reason for bringing it back to Charleroi, for his company would only have to carry it back again after the contest.

To this Capt. Jolliffe of the Charleroi Boys Brigade replied: "Just let Mandy sleep. He's having another pipe dream."

Miss Mary Miller of Selins Grove is spending a few days in Charleroi, the guest of her friend, Mrs. Chalmers E. Frontz

PREPARING FOR SPRING CONVENTION

Missionary Society Will Hold Three Days' Session In Charleroi

GOOD SPEAKERS ENGAGED

Final arrangements are being made for the annual spring convention of the Western Pennsylvania Christian Missionary society of the Christian church, which is to be held in Charleroi, beginning on Tuesday afternoon, May 10, at the First Christian church. All the ministers of the district, and many laymen are expected here, and in all probability there will be 200 delegates. The convention will last for three days, Tuesday, Wednesday and Thursday.

The missionary society holds two annual meetings, one in the spring and one in the fall, and this is one of the first of the kind Charleroi ever had. Good speakers have been engaged for the present convention, and will be announced later.

NEGRO WILL HAVE TO UNDERGO TRIAL ON MURDER CHARGE

Coroner Bell, of Fayette County yesterday at California conducted an inquest on the death of Willam Messner who was shot and killed the night before near Chamouni, by Grant Coleman, a negro. The jury recommended that Coleman be held for murder. The evidence brought out was very strong. It was said that Messner went to the negro's home and asked for $10 which Coleman claimed to owe him, and after a brief conversation, Coleman walked a short distance away, secured a shotgun, called to Messner, and when the latter turned fired.

Three Buildings Destroyed By Fire This Morning at Monessen

Total Damage About $7,500, the Efforts of Two Departments Being of Little Avail

A fire of unknown origin, which is supposed to have been started through carelessness on the part of some Russians celebrating a national holiday, destroyed $7,500 of property at Monessen this morning. The fire started at about 4 o'clock and it was late this morning before the Monessen Volunteer Fire department, and the fire department from the Pittsburg Steel company were able to control the flames.

Three buildings belonging to Wasil Danko were totally destroyed, entailing a loss to him of $4,600 partly covered by insurance. Other losses were James Banks, Mike Kest, Hugh Hileman, James Kirsch, Robert Wilson and a number of boarders living in a tenement house adjoining the burning block.

PARADE WILL BE FEATURE

Knights Templar Will Observe Ascension Day on Thursday

McKean Commandery No. 80, Knights Templar, of Charleroi is making arrangements for the observance of Asension Day on Thursday of this week. It is expected that there will be about 200 persons take part, and there will be a number of visitors.

A parade will be a feature of the celebration. The Charleroi Concert Band has been engaged and will lead the parade. Following the parade services will be held at Christ Lutheran church, to which the public is invited.

Ascension Day is one of the days which the Knights Templar celebrates, to which the public is invited.

THINKS CHARLEROI IS GOING TO HAVE GREAT TIME JULY 4

To The Mail:

Usually when Charleroi undertakes to do anything it is executed with a vim and vigor that is characteristic of the Magic City. With the citizens of the town now arranging to celebrate the 4th of July all eyes will be turned toward Charleroi, knowing that they will see something new and hear one of the great men of the day speak of liberty and what the 4th of July means to the civilized world. With the prospects of having an airship floating around the town, and the promise to Hon. J. K. Tener of John Mitchell to be here, Charleroi will have the greatest days of its career. Securing John Mitchell to speak here on that date will be in itself a treat; for if ever there was a public man idolized for what he has done for humanity's sake, John Mitchell is that man. The expression is often used that Lincoln was like Washington: Bryan like Jefferson, but to the masses there is only one John Mitchell. Would it not be an incentive to patriotism, a beautiful sight, and a tribute to Mitchell "who has devoted the better part of his life for the protetcion of the boys," to have all the boys from 10 to 16 years in line that day? That the business men of the town will have a busy, time taking care of the thousands that will come here is conceded, and with the energy and ability of the committees now in charge of the celebration everything points to Charleroi having the greatest 4th of July celebration in Western Pennsylvania.

It would be a very pleasant sight for the thousands of visitors to see the telegraph and telephone poles painted part way up with red, white and blue paint, and where possible make every place have an inviting, cheerful and bright aspect. With a little pull, a strong pull and a pull together, Charleroi will do honor to the town, State and Nation and be a lasting credit to the Magic City that does things.

JOHN J. OATES.

LOCAL PLANT NOT AFFECTED

Ford City Factory of Pittsburg Plate Glass Company Destroyed

The No. 4 factory of the Pittsburg Plate Glass company at Ford City, which was the most modern and complete of the entire number, was burned to the ground last night, entailed the company a loss of $1,250,000, but the destruction will hardly affect the Charleroi plant. The fire started at about 8 o'clcok, and it could not be got under control until midnight.

All the factories of the Pittsburg Plate Glass company have been taxed to their utmost lately satisfying the great demand for plate glass, which has increased wonderfully within the past few months. For this reason the loss of the Ford City plant will be a very serious one to the company. The local plant, No. 6, is running to its fullest capacity at the present time, and could not increase its production any. It is thought by local plate glass men that the company will begin the erection of a new plant at Ford City at once, the same as they did after the destruction of the Tarentum factory.

Popular Couple Wedded Today

Miss Irene Hastings and George Gray, both of Charleroi, were married this morning with nuptial high mass at St. Jerome's Catholic church, by Rev. W. D. Fries. The couple will take a trip to Atlantic City to spend several days, after which they will return to take up their residence at Monongahela. The groom is employed as an express messenger on the local division, P. R. R., and was formerly an Adams Express employe here. The bride is a niece of B. Mahoney of McKean avenue, and has been living there for some time.

FUNERAL OF MAN KILLED IN STREET CAR ACCIDENT IS HELD HERE TODAY

Was Crushed to Death Between Two Street Cars, When Jam of Crowds Broke Door of One

The funeral of Frank Benzor, a Russian miner 42 years old, who was killed in a street car accident near the Mt. Washington tunnel, Pittsburg, on Sunday afternoon, was held this afternoon from St. John the Baptist Russan Orthodox church, Charleroi, and interment was in the Charleroi cemetery. Benzor was employed at the Alice mines, near Fayette City, and well-known in Charleroi. He was riding on a Charleroi car, which was crowded to more than its capacity. It was just entering the tunnel as a Brookline car was making its exit. Just at the entrance the door of the Charleroi car broke, leaving Benzor and others who were crushed against it, fall between the two cars. The space was too narrow, and Benzor was rolled between the two cars, and crushed to death. Others were injured.

NORTH CHARLEROI WANTS PAVED STREETS CLEANED

Normal Trustees Elected for Year

Some Opposition to Administration but Six Present Trustees Are All Re-Elected

At the annual election of trustees of the Southwestern Normal School at California yesterday, the following were elected: State trustees, Dr. W. M. Lilley, Brownsville; Senator W. E. Crowe, Uniontown; G. M. Mitchell, of Monessen. The local trustees elected were: George S. Hornbake, Sr., of Coal Centre; G. G. Hertzog and R. B. Drum of California.

A fational fight was made by some of the stockholders of the school to elect trustees not in accord with the present policies, but the adminisration won out.

LEAGUE IS OPENED IN CHARLEROI

Christians Beat Catholic Team Last Night by Score of 6 to 3

MANY WITNESS STRUGGLE

The Charleroi Church league opened last night, when the Catholics and the Christians met on the local diamond to contest for supremacy.

There was a larger crowd present than attend most of the old league games here, and the feminine supporters of both teams were greatly in evidence. "Days" Lindsay handled the indicator, and Charley Byland held the rights over the base runners. The Christian were finally able to pull out ahead, the final score being 6 to 3. The following is the story of the game told in detail:

First Inning—Oates opened proceedings with a tap to Katzy Kifer; Rider gave Huet a neat pickup, and Kelly hit a hot one to Bobby McGowan. For the Christian warriors Heffner flew out to Dietz, Miller fanned and Huet did likewise.

Second Inning—Lou Galsser wobbled one to Katzy. Buchanan sent a grounder to Huet and Newton fanned. Ed. Miller hit sharply to Rider; Cratty hit through Kelly, stole second and took third on a passed ball. Furnier hit to Dietz, who fumbled and Cratty scored. McGowan hit to Dietz who passed to Rider for a fast double play. One Run.

Third Inning—Dietz pickled a soft one to Cratty, Motts fanned and Barney O'Neil swished one. Barney-Old Horse stole second but Oates fanned. Spridek derricked and Dietz made a fine running catch, Katzy also to Dietz and Heffner bounced one off Buchanan's mitt, but Dietz swaggled it neatly.

Fourth Inning—Rider lined to Cratty Kelly hoisted to Heffner and Lou Glasser fanned the ozone. Miller bounded to Kelly, Huet likewise to Dietz who threw wild and Leon then raced over the pan on Miller's rousing three-bagger. Cratty added to the celebration by doubling to left, Miller counting and Furnier went out to Dietz, Bobby pinked one to Kelly who fumbled it and Cratty scored. Spridek peeled for the sky rocket, Dietz muffing the same, but Kefer lined to Buchanan. Three runs for the Christians.

Fifth Inning—Buchanan tapped to Furnier; Newton walked and stole second, but Dietz and Motts both fanned. Heffner bingled past third; Miller sacrificed; Huet doubled to rihgt; Heffner scoring and Miller unmuzzled a triple to left, Huet scoring. Cratty and Furnier then fanned. Two runs.

Sixth Inning—Barney O'Neil hit out a single, and on Kiefer's error went to third. Oates was hit by a pitched ball; Rider fanned; but Kelly doubled and scored Barney and Oates. Kelly stole third; Glasser hit to Cratty, Kelly scoring and Buchanan gamboled to third on Furnier's wild heave. Newton walked but Dietz fanned. Three runs. For the Christians, Bobby and Spurdek fanned and Kiefer hit to Kelly.

Seventh Inning—Musko batted for Motts and hit the wind only, Barney lined to Kiefer and Steve Buchanan

A Popular Move.

The Church League baseball season opened most auspiciously last evening, and the large crowd of spectators witnessed a fine exhibition of amateur playing. The game was clean-cut, gentlemanly and from the lineup of both teams it is evident that as the season advances and the players become seasoned, the games will be hard fought and the spectators will be treated to some brilliant individual and team work. There is every indication that bitter partisanship will not be tolerated, and the friendly rivalry that exists between the various congregations represented will be sufficient to keep interest at a high pitch.

One of the beneficent features of the Church League is that it promotes an athletic sport in which nearly every young fellow in the community can participate, and keeps the amusement at home. Professional baseball is not only a big drain on a small community, but it debars local talent from participation. It has been found that the most successful way to promote and create interest in athletic sports is to provide means for all to participate in them who so desire. Some of the large colleges are abolishing their inter-collegiate baseball and football teams, and are providing instead contests within their own body in which a greater number can take part. This is said to have a better effect in both college athletics and work in the school room.

By having the games at an hour when all working people can attend the Chuch League will provide an interesting recreation for the people of this community. A most enjoyable baseball season is in store for Charleroi.

The Risk of Fire.

The destructive fire at Ford City, which completely wiped out the mammoth plant of the Pittsburg Plate Glass company, is another example of the risks and hazards that surround a big industry. By this fire a loss of over a miillion dollars is entailed, and with other factories located elsewhere there is talk that the one just destroyed will not be rebuilt.

Fortunately for Charleroi one of the principal factories of the company is located here, and the destruction of the Ford City plant will no doubt tax the full capacity of this one. It should be remembered, however, that the same risks are encountered here as at Ford City, and the destruction of this plant by fire might eliminate one of the biggest industries of the community. For that reason extra efforts should be put forth by our people to secure the location of other industries here. A single industry is a menace to a town, and while Charleroi is not dependent upon a single one, it is not so well intrenched that the loss of a single plant now in operation would not be a severe blow to business life of the town.

A Leading Event.

It may not be generally known that the Founder's Day exercises at the Carnegie Institute in Pittsburg yesterday is considered the leading platform event in America. This annual tribute to the founder of a movement for the cultivation and perpetuation of the higher arts and sciences marks an epoch that is far reaching. For years the word Pittsburg was synonymous for murk and toil. Now it stands for art, music and the higher and ennobling pursuits of life. The founding of the Carnegie Institue for art and sciences by Andrew Carnegie opened up a new vista of life for the toilers, who, through its medium, are now vividly realizing that the chase after the almighty dollar is not the sum of human happiness.

With the Chief Executive of the United States and the Ambassadors of two of the most important industrial nations of the globe as speakers for the occasion, the Founder's Day exercises furnish a most auspicious inspiration for the international art exhibit collected for the enjoyment of the people. This exhibit is free to all, rich and poor alike, young and old, residents and non-residents, and a visit to the Carnegie Institute while the exhibit is in progress constitutes one of the most delightful outings for out-of-town people. Every person in Charleroi and the surrounding community should make it a point to see this exhibit before it closes, as it is one of the opportunities of a lifetime.

ELECTRIC SPARKS

Baseball is an awful game. Everybody uses slang.

It's easy enough for a millionair to say that hard, honest, concentrated effort will land any man at the top, but let him struggle along a few weeks on a $11 a week salary, with beef, potatoes, eggs, flour, and the rest of the staples playing hide and seek with the highest star in the heavens, and he will mighty soon change his tune.

Napoleon said that he liked kind, gentle, persuasive women. It will be remembered that Joan of Arc had sort of a persuasive way about her.

Heinz is not in it when it comes to varieties. The average politician can number more varieties in one day than the pickle maker could in a week.

Some music may be expressionless, but so may the person who is trying to render it.

When the baseball fans cannot think of Jupiter Puvise, they say that Pennywit is responsible.

It has become customary in saying complimentary things about old men to state they are growing a certain number of years "younger." At the rate some of them are growing younger, they will soon be rocking again in their cradle.

"Fanned the ozone" is a term applied to Honus Wagner when he slams at the pill and fizzles on the three total breaths.

It's the irony of advertising that cause a man to attach sleigh bells to an advertising wagon on a hot summer day.

"I'm going to take a month off," said the office boy yesterday, as he tore the April sheet off the calendar.

One way for the man of the house to get out of doing chores and odd jobs about home after business hours is to put up a holler about being tired, and what an awful grind his business is; that if he thought it would be same this year as last life wouldn't be worth living.

One good feature about the circus next week is that it shows on Monday, and will probably get in, unload and set up its tents Sunday. That will give the population of Charleroi an opportunity to watch the process without losing any time.

APRIL SHIPMENTS OF COAL LIGHT

(Continued from First Page).

and pool boats are in commission placing many empty craft in the pools at the various mines which are being loaded for future shipments.

During the latter part of last week there was a fairly good boating stage of water in the Pittsburg harbor and about 500,000 bushels of coal were started south. This was coal loaded previously for shipment, but in face of the suspension had been held for consumption in the local markets in case a shortage should occur in the coal supply.

In anticipation of fairer and warmer weather the owners of all excursion packets are putting their craft in good order for the season which promises to be good, as many dates are booked ahead for the Island Queen, Beauty and Sunshine.

Another Advertising Car of the Forepaugh and Sells Circus Here

Advertising car No. 3 of the Forepaugh and Sells Bros. circus, which comes to Charleroi Monday, May 9, was in town yesterday and today. This circus has great superior merit when it comes to the question of riders, acrobats, clowns and animal trainers. Only the best of the world's talent has been secured for this season's re-organized show. There are 350 artists in all. Practically all of them are from European countries and now making their first American appearance. The new $3,200,000 equipment in which the show has blossomed out this season is the wonder of circus wonders. Nothing like it was ever seen before.

Lacking Warmth.

"The critics all say that my pictures lack warmth."

"Do you work in oils?"

"Yes."

"Then why not paint in a few oil stoves?"—New York Times.

An Author's Initials.

Initials are sometimes the resort of the writer who is anxious to conceal his identity, and a glance through any one of the 700 volumes that comprise the catalogue of the British museum reading room will discover some strange instances. A theological book, entitled "Inquiry Into the Meaning of Demoniacks In the New Testament," is attributed to T. P. A. P. O. A. B. I. C. O. S. Its real author was a certain Arthur Sykes, and the initials reveal his position as "the precentor and prebendary of Alton Borealis in the church at Salisbury."—London Chronicle.

John W. Hallam

Candidate for Senator, in the General Assembly to represent this district, in the June Republican primary, stands on a "square deal" platform. Since the Rooseveltian era in American politics everyone knows what that means. Roosevelt promulgated the doctrine of the "square deal," and while he made no promise to the people, every American citizen knew that Roosevelt, in serving in public office served the people at all times—in other words, he gave them a "square deal." He had no interests to serve; every man was his fellow citizen and he believed had equal rights to the enjoyment of that citizenship.

John W. Hallam

is a candidate for State Senator because he feels that he can be of service to the people. He is not allied with any interests seeking special legislation. He believes that legislation should be enacted for the benefit of "all the people" and not for a select few. If nominated and elected to the office to which he aspires he will earnestly strive to represent the citizens as citizens—the people as individuals and members of society and not because they have any particular favor to secure from legislation. He will ask for a "square deal" for the schools and charitable institutions, for more progressive legislation affecting the government of municipalities, for legislation which will conserve the State's natural resources and, more than that, which will conserve the lives of the men who toil in the shops, in the mines, on the railroads, and in every hazardous employment. He will stand for all legislation which will conserve American institutions, which will be for the moral uplift of the people, and against any legislation to either take away the liberty of the people or, on the other hand, to strengthen the hands of the lawless. In other words Hallam will stand for a "SQUARE DEAL" for all citizens in legislation, being free to serve them to the best of his ability.

VOTE FOR HALLAM FOR STATE SENATOR

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The Kind of a Girl to Marry

Here's to the girl with a twinkle in her eye, who always helps mother and knows how to make a pie; who loves her little brothers and never sees their faults, and when occasion offers with her beau enjoys a waltz. 'Tis girls like this make splendid wives, and boys, here's good advice, if you choose a proper sweetheart you will never marry twice. You want a wife that's sensible, and gentle, kind and sweet, who'll use Chi-Namel in the home and keep it always neat. Woodwork protected with Chi-Namel varnish is always washable—hot water and soap does not hurt it. All colors. Sold by T. P. Grant. 28

Eczeme—A Germ Disease Can Now Be Cured.

The medical profession is all agreed that Eczema is a germ disease but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo the clean, external treatment has solved this difficuty by drawing the germs to the surface of the skin and destroying the germ life that causes the diseases. The whole method of treatment and cure by Zemo is explained in an interesting book on the subject issued by the makers of Zemo. It tells how to cure yourself at home of Ezcema, Blackheads, Pimples, Dandruff and all diseses of the skin and scalp. Call at Piper Bros. Drug Store for Booklet and learn more about this clean, simple remedy that is now reognized the standard treatment for all disease of the skin and scalp.

Catarrh Can Quickly be Cured

A bottle of Hyomei, a hard rubber pocket inhaler, that will last a lifetime, and simple instructions for curing catarrh make a Hyomei outfit.

Into the inhaler you pour a few drops of magical Hyomei (pronounce it High-o-me).

This is absorbed by the antiseptic gauze within and now you are ready to breathe it over the germ infested membrane where it will speedily begin its work of killing catarrh germs. Hyomei is made of Australian eucalyptol combined with other antiseptics and is very pleasant to breathe.

It is guaranteed to cure catarrh, bronchitis, sore throat, croup, coughs and colds or money back. It cleans out a stuffed-up head in a few minutes.

Sold by druggists everywhere, and by Piper Bros. Complete outfit $1.00. And remember that extra bottles if afterwards need cost only 50 cents. Breathe it, that's all.

To break up cold in head or chest in a few minutes, pour a teaspoonful of Hyomei into a bowl of boiling water, cover head and bowl with a towel and breathe the vapor.

THE CHARLEROI MAIL

Entered second class mail at Charleroi, June 15, 1900, according to Act of Congress of March 3, 1879.

VOL. X. NO. 218. CHARLEROI, WASHINGTON CO., PA., TUESDAY, MAY 3, 1910. One Cent

APRIL SHIPMENTS OF COAL LIGHTER THAN FOR YEARS

Strike at Mines Along Valley Cuts Down River Trade

IMPROVEMENTS AT LOCK 4

Advantage Taken of Dull Season to Fix Up Government Yards

As might be expected owing to the supsension of the miners the river shipments of coal from the local mines as well as from the Pittsburg harbor fell very much short of any previous month during the year, in fact for several years past. The total shipments for April, 1910, were but 5,607,000 bushels. While that for March, 1910, was 19,450,000 bushels, there being a falling off of 13,978,000 bushels.

The entire shipments for the month of April, although looking small, compartively speaking, were good considering that the coal mined and shipped came from the independent or unorganized mines, or those not controlled by the miners' union.

Supt. A. F. McGowan submits the following report, showing the commercial statistics for the month of April, 1910: Boats, barges and flats passed down, 644, containing 5,607,000 bushels of coal, nut coal and slack. There passed down 225 steamers, making 344 lockings. The record for up-stream traffic shows empty boats, barges and flats to be 758; steamers, 227; lockings 367; sand, 212,500 bushels.

A special shipment from the Monessen mills of the Pittsburg Steel company was made consisting of 125 tons of manufactured products consigned to one of their extensive warehouses in the south.

The steamboat men were not slow to take advantage of the shut down and have put all their towboats in splendid repair. Some have been docked and refitted, others were painted and cleaned up and the general appearance of the boats on the local waters was never better. During the dull season a general line of repairs has been going on at the different locks. At Lock No. 4 Superintendent McGowan and his force have not only been mindful of the needed repairs but have had an eye to the beautifying of the yards and grounds surrounding the Government property. At the locks the yards and lawns have been put in order, cement walks laid and many other needed and necessary repairs and much painting and white washing done. A special feature is the placing of a large porch box in front of the Government office which, when filled with flowers, plants and vines will be a "thing of beauty."

This week, beginning with the first of the month, most all the local

(Continued on Second Page).

Tax Levy 13 Mills.

The Washington council has fixed the tax rate for that borough for the ensuing year at 13 mills. This is half a mill lower than last year.

Will Receive Bids.

Bids will now be received by the Borough Clerk for the disposal of garbage during the ensuing year which begins June 10. All bids must be in by Tuesday evening, May 10.

Ira L. Nickeson, Borough Clerk.

Says He Would Only Carry the Cup Back

Capt. Jolliffe Claims, However, That Capt. Landefeld's Statement is Wrong

Capt. H. C. Landefeld of the Monongahela Cadets says that while he thinks the silver cup to be contested for by the competitive drill of the Boys Brigade is already in Monongahela, he sees no reason for bringing it back to Charleroi, for his company would only have to carry it back again after the contest.

To this Capt. Jolliffe of the Charleroi Boys Brigade replied: "Just let Mandy sleep. He's having another pipe dream."

Miss Mary Miller of Selins Grove is spending a few days in Charleroi, the guest of her friend, Mrs. Chalmers E. Frontz

PREPARING FOR SPRING CONVENTION

Missionary Society Will Hold Three Days' Session In Charleroi

GOOD SPEAKERS ENGAGED

Final arrangements are being made for the annual spring convention of the Western Pennsylvania Christian Missionary society of the Christian church, which is to be held in Charleroi, beginning on Tuesday afternoon, May 10, at the First Christian church. All the ministers of the district, and many laymen are expected here, and in all probability there will be 200 delegates. The convention will last for three days, Tuesday, Wednesday and Thursday.

The missionary society holds two annual meetings, one in the spring and one in the fall, and this is one of the first of the kind Charleroi ever had. Good speakers have been engaged for the present convention, and will be announced later.

NEGRO WILL HAVE TO UNDERGO TRIAL ON MURDER CHARGE

Coroner Bell, of Fayette County yesterday at California conducted an inquest on the death of Willam Messner who was shot and killed the night before near Chamouni, by Grant Coleman, a negro. The jury recommended that Coleman be held for murder. The evidence brought out was very strong. It was said that Messner went to the negro's home and asked for $10 which Coleman claimed to owe him, and after a brief conversation, Coleman walked a short distance away, secured a shotgun, called to Messner, and when the latter turned fired.

Three Buildings Destroyed By Fire This Morning at Monessen

Total Damage About $7,500, the Efforts of Two Departments Being of Little Avail

A fire of unknown origin, which is supposed to have been started through carelessness on the part of some Russians celebrating a national holiday, destroyed $7,500 of property at Monessen this morning. The fire started at about 4 o'clock and it was late this morning before the Monessen Volunteer Fire department, and the fire department from the Pittsburg Steel company were able to control the flames.

Three buildings belonging to Wasil Danko were totally destroyed, entailing a loss to him of $4,600 partly covered by insurance. Other losses were James Banks, Mike Kest, Hugh Hileman, James Kirsch, Robert Wilson and a number of boarders living in a tenement house adjoining the burning block.

PARADE WILL BE FEATURE

Knights Templar Will Observe Ascension Day on Thursday

McKean Commandery No. 80, Knights Templar, of Charleroi is making arrangements for the observance of Asension Day on Thursday of this week. It is expected that there will be about 200 persons take part, and there will be a number of visitors.

A parade will be a feature of the celebration. The Charleroi Concert Band has been engaged and will lead the parade. Following the parade services will be held at Christ Lutheran church, to which the public is invited.

Ascension Day is one of the days which the Knights Templar celebrates, to which the public is invited.

THINKS CHARLEROI IS GOING TO HAVE GREAT TIME JULY 4

To The Mail:

Usually when Charleroi undertakes to do anything it is executed with a vim and vigor that is characteristic of the Magic City. With the citizens of the town now arranging to celebrate the 4th of July all eyes will be turned toward Charleroi, knowing that they will see something new and hear one of the great men of the day speak of liberty and what the 4th of July means to the civilized world. With the prospects of having an airship floating around the town, and the promise to Hon. J. K. Tener of John Mitchell to be here, Charleroi will have the greatest days of its career. Securing John Mitchell to speak here on that date will be in itself a treat; for if ever there was a public man idolized for what he has done for humanity's sake, John Mitchell is that man. The expression is often used that Lincoln was like Washington; Bryan like Jefferson, but to the masses there is only one John Mitchell. Would it not be an incentive to patriotism, a beautiful sight, and a tribute to Mitchell "who has devoted the better part of his life for the protetcion of the boys," to have all the boys from 10 to 16 years in line that day? That the business men of the town will have a busy, time taking care of the thousands that will come here is conceded, and with the energy and ability of the committees now in charge of the celebration everything points to Charleroi having the greatest 4th of July celebration in Western Pennsylvania.

It would be a very pleasant sight for the thousands of visitors to see the telegraph and telephone poles painted part way up with red, white and blue paint, and where possible make every place have an inviting, cheerful and bright aspect. With a little pull, a strong pull and a pull together, Charleroi will do honor to the town, State and Nation and be a lasting, credit to the Magic City that does things.

JOHN J. OATES.

LOCAL PLANT NOT AFFECTED

Ford City Factory of Pittsburg Plate Glass Company Destroyed

The No. 4 factory of the Pittsburg Plate Glass company at Ford City, which was the most modern and complete of the entire number, was burned to the ground last night, entailed the company a loss of $1,250,000, but the destruction will hardly affect the Charleroi plant. The fire started at about 8 o'clcok, and it could not be got under control until midnight.

All the factories of the Pittsburg Plate Glass company have been taxed to their utmost lately satisfying the great demand for plate glass, which has increased wonderfully within the past few months. For this reason the loss of the Ford City plant will be a very serious one to the company. The local plant, No. 6, is running to its fullest capacity at the present time, and could not increase its production any. It is thought by local plate glass men that the company will begin the erection of a new plant at Ford City at once, the same as they did after the destruction of the Tarentum factory.

Popular Couple Wedded Today

Miss Irene Hastings and George Gray, both of Charleroi, were married this morning with nuptial high mass at St. Jerome's Catholic church, by Rev. W. D. Fries. The couple will take a trip to Atlantic City to spend several days, after which they will return to take up their residence at Monongahela. The groom is employed as an express messenger on the local division, P. R. R., and was formerly an Adams Express employe here. The bride is a niece of B. Mahoney of McKean avenue, and has been living there for some time.

FUNERAL OF MAN KILLED IN STREET CAR ACCIDENT IS HELD HERE TODAY

Was Crushed to Death Between Two Street Cars, When Jam of Crowds Broke Door of One

The funeral of Frank Benzor, a Russian miner 42 years old, who was killed in a street car accident near the Mt. Washington tunnel, Pittsburg, on Sunday afternoon, was held this afternoon from St. John the Baptist Russan Orthodox church, Charleroi, and interment was in the Charleroi cemetery. Benzor was employed at the Alice mines, near Fayette City, and well known in Charleroi. He was riding on a Charleroi car, which was crowded to more than its capacity. It was just entering the tunnel as a Brookline car was making its exit. Just at the entrance the door of the Charleroi car broke, leaving Benzor and others who were crushed against it, fall between the two cars. The space was too narrow, and Benzor was rolled between the two cars, and crushed to death. Others were injured.

NORTH CHARLEROI WANTS PAVED STREETS CLEANED

Normal Trustees Elected for Year

Some Opposition to Administration but Six Present Trustees Are All Re-Elected

At the annual election of trustees of the Southwestern Normal School at California yesterday, the following were elected: State trustees, Dr. W. M. Lilley, Brownsville; Senator W. E. Crowe, Uniontown; G. M. Mitchell, of Monessen. The local trustees elected were: George S. Hornbake, Sr., of Coal Centre; G. G. Hertzog and R. B. Drum of California.

A fational fight was made by some of the stockholders of the school to elect trustees not in accord with the present policies, but the adminisration won out.

LEAGUE IS OPENED IN CHARLEROI

Christians Beat Catholic Team Last Night by Score of 6 to 3

MANY WITNESS STRUGGLE

The Charleroi Church league opened last night, when the Catholics and the Christians met on the local diamond to contest for supremacy.

There was a larger crowd present than attend most of the old league games here, and the feminine supporters of both teams were greatly in evidence. "Days" Lindsay handled the indicator, and Charley Byland held the rights over the base runners. The Christian were finally able to pull out ahead, the final score being 6 to 3. The following is the story of the game told in detail:

First Inning—Oates opened proceedings with a tap to Katzy Kifer; Rider gave Huet a neat pickup, and Kelly hit a hot one to Bobby McGowan. For the Christian warriors Heffner flew out to Dietz, Miller fanned and Huet did likewise.

Second Inning—Lou Galsser wobbled one to Katzy. Buchanan sent a grounder to Huet and Newton fanned. Ed. Miller hit sharply to Rider; Cratty hit through Kelly, stole second and took third on a passed ball. Furnier hit to Dietz, who fumbled and Cratty scored. McGowan hit to Dietz who passed to Rider for a fast double play. One Run.

Third Inning—Dietz pickled a soft one to Cratty, Motts fanned and Barney O'Neil swished one. Barney-Old Horse stole second but Oates fanned. Spridek derricked and Dietz made a fine running catch. Katzy also to Dietz and Heffner bounced one off Buchanan's mitt, but Dietz swaggled it neatly.

Fourth Inning—Rider lined to Cratty Kelly hoisted to Heffner and Lou Glasser fanned the ozone. Miller bounded to Kelly, Huet likewise to Dietz who threw wild and Leon then raced over the pan on Miller's rousing three-bagger. Cratty added to the celebration by doubling to left, Miller counting and Furnier went out to Dietz, Bobby pinked one to Kelly who fumbled it and Cratty scored. Spridek peeled for the sky rocket, Dietz muffing the same, but Kefer lined to Buchanan. Three runs for the Christians.

Fifth Inning—Buchanan tapped to Furnier; Newton walked and stole second, but Dietz and Motts both fanned. Heffner bingled past third; Miller sacrificed; Huet doubled to rihgt; Heffner scoring and Miller unmuzzled a triple to left, Huet scoring. Cratty and Furnier then fanned. Two runs.

Sixth Inning—Barney O'Neil hit out a single, and on Kiefer's error went to third. Oates was hit by a pitched ball; Rider fanned; but Kelly doubled and scored Barney and Oates. Kelly stole third; Glasser hit to Cratty, Kelly scoring and Buchanan gamboled to third on Furnier's wild heave. Newton walked but Dietz fanned. Three runs. For the Christians, Bobby and Spurdek fanned and Kiefer hit to Kelly.

Seventh Inning—Musko batted for Motts and hit the wind only, Barney lined to Kiefer and Steve Buchanan

(Continued on Second Page).

Council Prepares to Award the Job for the Coming Year

Asks Charleroi Borough For Use of Cleaning Apparatus

A request was made to the Charleroi council last night by the North Charleroi council, to allow Street Commissioner Jacob Hormell to use his borough street sweeper and sprinkler, occasionally to clean off the North Charleroi street, which were recently paved. The North Charleroi bricked streets are very dirty at the present time, and sadly in need of sweeping. The matter was left with the street commissioner.

There were four members present at the meeting, with President J. K. Hein in the chair. Other councilmen in attendance at the meeting were C. O. Frye, W. H. Calvert and Charles Schmieler.

The bills were ordered paid to the amount of about $400, but the reports were held over until some future date.

Borough Clerk Ira L. Nickeson was instructed to advertise for bids for the hauling and disposal of garbage, the contract to extend from June 11, of this year, until June 10, 1911. Clerk Nickeson was also instructed to ascertain the probable cost of "Dancer" and "Slow Up" signs to be placed at street corners, to regulate automobile driving in Charleroi.

AS WE LIVE, WE GROW

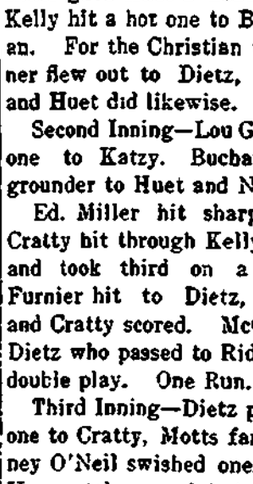
THE 1ST NATIONAL BANK CHARLEROI PA

This explains our steady and substantial growth. But it is our desire to continue to grow and your account, whether large or small, will be a step in that direction.

Come in and we will tell you just what we can do for you.

4 Per cent. Interest Paid on Savings Accounts
Depository for the State of Pennsylvania.

IN BUYING SILVERWARE



you should exercise a little judgment. Remember, "all is not gold that glitters;" and some dealers are willing to handle inferior goods that look "just as nice," but they won't stand any wear. You can find the trade-mark of every reputable silver manufacturer stamped on our goods, and the prices are just as reasonable in proportion to the quality we keep.

FOR CONGRESS

JOHN K. TENER

OF CHARLEROI

Subject to the Decision of the Republican Voters of the Twenty-Fourth District at the Primaries June 4

FOR STATE SENATOR

46th District

A. H. Anderson

Peters Township, Washington County

Subject to Republican Rule.

A Popular Move.

The Church League baseball season opened most auspiciously last evening, and the large crowd of spectators witnessed a fine exhibition of amateur playing. The game was clean-cut, gentlemanly and from the lineup of both teams it is evident that as the season advances and the players become seasoned, the games will be hard fought and the spectators will be treated to some brilliant individual and team work. There is every indication that bitter partisanship will not be tolerated, and the friendly rivalry that exists between the various congregations represented will be sufficient to keep interest at a high pitch.

One of the beneficent features of the Church League is that it promotes an athletic sport in which nearly every young fellow in the community can participate, and keeps the amusement at home. Professional baseball is not only a big drain on a small community, but it debars local talent from participation. It has been found that the most successful way to promote and create interest in athletic sports is to provide means for all to participate in them who so desire. Some of the large colleges are abolishing their inter-collegiate baseball and football teams, and are providing instead contests within their own body in which a greater number can take part. This is said to have a better effect in both college athletics and work in the school room.

By having the games at an hour when all working people can attend the Chuch League will provide an interesting recreation for the people of this community. A most enjoyable baseball season is in store for Charleroi.

The Risk of Fire.

The destructive fire at Ford City, which completely wiped out the mammoth plant of the Pittsburg Plate Glass company, is another example of the risks and hazards that surround a big industry. By this fire a loss of over a miillion dollars is entailed, and with other factories located elsewhere there is talk that the one just destroyed will not be rebuilt.

Fortunately for Charleroi one of the principal factories of the company is located here, and the destruction of the Ford City plant will no doubt tax the full capacity of this one. It should be remembered, however, that the same risks are encountered here as at Ford City, and the destruction of this plant by fire might eliminate one of the biggest industries of the community. For that reason extra efforts should be put forth by our people to secure the location of other industries here. A single industry is a menace to a town, and while Charleroi is not dependent upon a single one, it is not so well intrenched that the loss of a single plant now in operation would not be a severe blow to business life of the town.

A Leading Event.

It may not be generally known that the Founder's Day exercises at the Carnegie Institute in Pittsburg yesterday is considered the leading platform event in America. This annual tribute to the founder of a movement for the cultivation and perpetuation of the higher arts and sciences marks an epoch that is far reaching. For years the word Pittsburg was synonymous for murk and toil. Now it stands for art, music and the higher and ennobling pursuits of life. The founding of the Carnegie Institue for art and sciences by Andrew Carnegie opened up a new vista of life for the toilers, who, through its medium, are now vividly realizing that the chase after the almighty dollar is not the sum of human happiness.

With the Chief Executive of the United States and the Ambassadors of two of the most important industrial nations of the globe as speakers for the occasion, the Founder's Day exercises furnish a most auspicious inspiration for the international art exhibit collected for the enjoyment of the people. This exhibit is free to all, rich and poor alike, young and old, residents and non-residents, and a visit to the Carnegie Institute while the exhibit is in progress constitutes one of the most delightful outings for out-of-town people. Every person in Charleroi and the surrounding community should make it a point to see this exhibit before it closes, as it is one of the opportunities of a lifetime.

ELECTRIC SPARKS

Baseball is an awful game. Everybody uses slang.

It's easy enough for a millionair to say that hard, honest, concentrated effort will land any man at the top, but let him struggle along a few weeks on a $11 a week salary, with beef, potatoes, eggs, flour, and the rest of the staples playing hide and seek with the highest star in the heavens, and he will mighty soon change his tune.

Napoleon said that he liked kind, gentle, persuasive women. It will be remembered that Joan of Arc had sort of a persuasive way about her.

Heinz is not in it when it comes to varieties. The average politician can number more varieties in one day than the pickle maker could in a week.

Some music may be expressionless, but so may the person who is trying to render it.

When the baseball fans cannot think of Jupiter Pluvius, they say that Pennywit is responsible.

It has become customary in saying complimentary things about old men to state they are growing a certain number of years "younger." At the rate some of them are growing younger, they will soon be rocking again in their cradle.

"Fanned the ozone" is a term applied to Honus Wagner when he slams at the pill and fizzles on the three total breaths.

It's the irony of advertising that cause a man to attach sleigh bells to an advertising wagon on a hot summer day.

"I'm going to take a month off," said the office boy yesterday, as he tore the April sheet off the calendar.

One way for the man of the house to get out of doing chores and odd jobs about home after business hours is to put up a holler about being tired, and what an awful grind his business is, that if he thought it would be same this year as last life wouldn't be worth living.

One good feature about the circus next week is that it shows on Monday, and will probably get in, unload and set up its tents Sunday. That will give the population of Charleroi an opportunity to watch the process without losing any time.

APRIL SHIPMENTS OF COAL LIGHT

(Continued from First Page).

and pool boats are in commission placing many empty craft in the pools at the various mines which are being loaded for future shipments.

During the latter part of last week there was a fairly good boating stage of water in the Pittsburg harbor and about 500,000 bushels of coal were started south. This was coal loaded previously for shipment, but in face of the suspension had been held for consumption in the local markets in case a shortage should occur in the coal supply.

In anticipation of fairer and warmer weather the owners of all excursion packets are putting their craft in good order for the season which promises to be good, as many dates are booked ahead for the Island Queen, Beauty and Sunshine.

Another Advertising Car of the Forepaugh and Sells Circus Here

Advertising car No. 3 of the Forepaugh and Sells Bros. circus, which comes to Charleroi Monday, May 9, was in town yesterday and today. This circus has great superior merit when it comes to the question of riders, acrobats, clowns and animal trainers. Only the best of the world's talent has been secured for this season's re-organized show. There are 350 artists in all. Practically all of them are from European countries and now making their first American appearance. The new $3,200,000 equipment in which the show has blossomed out this season is the wonder of circus wonders. Nothing like it was ever seen before.

Lacking Warmth.

"The critics all say that my pictures lack warmth."

"Do you work in oils?"

"Yes."

"Then why not paint in a few oil stoves?"—New York Times.

An Author's Initials.

Initials are sometimes the resort of the writer who is anxious to conceal his identity, and a glance through any one of the 700 volumes that comprise the catalogue of the British museum reading room will discover some strange instances. A theological book, entitled "Inquiry Into the Meaning of Demoniacks in the New Testament," is attributed to T. P. A. P. O. A. B. I. C. O. S. Its real author was a certain Arthur Sykes, and the initials reveal his position as "the precentor and prebendary of Alton Borealis in the church at Salisbury."—London Chronicle.

John W. Hallam

Candidate for Senator, in the General Assembly to represent this district, in the June Republican primary, stands on a "square deal" platform. Since the Rooseveltian era in American politics everyone knows what that means. Roosevelt promulgated the doctrine of the "square deal," and while he made no promise to the people, every American citizen knew that Roosevelt, in serving in public office served the people at all times—in other words, he gave them a "square deal." He had no interests to serve: every man was his fellow citizen and he believed had equal rights to the enjoyment of that citizenship.

John W. Hallam

is a candidate for State Senator because he feels that he can be of service to the people. He is not allied with any interests seeking special legislation. He believes that legislation should be enacted for the benefit of "all the people" and not for a select few. If nominated and elected to the office to which he aspires he will earnestly strive to represent the citizens as citizens—the people as individuals and members of society and not because they have any particular favor to secure from legislation. He will ask for a "square deal" for the schools and charitable institutions, for more progressive legislation affecting the government of municipalities, for legislation which will conserve the State's natural resources and, more than that, which will conserve the lives of the men who toil in the shops, in the mines, on the railroads, and in every hazardous employment. He will stand for all legislation which will conserve American institutions, which will be for the moral uplift of the people, and against any legislation to either take away the liberty of the people or, on the other hand, to strengthen the hands of the lawless. In other words Hallam will stand for a "SQUARE DEAL" for all citizens in legislation, being free to serve them to the best of his ability.

VOTE FOR HALLAM FOR STATE SENATOR

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials

Catarrh Can Quickly be Cured

A bottle of Hyomei, a hard rubber pocket inhaler, that will last a lifetime, and simple instructions for curing catarrh make a Hyomei outfit.

Into the inhaler you pour a few drops of magical Hyomei (pronounce it High-o-me).

This is absorbed by the antiseptic gauze within and now you are ready to breathe it over the germ infested membrane where it will speedily begin its work of killing catarrh germs. Hyomei is made of Australian eucalyptol combined with other antiseptics and is very pleasant to breathe.

It is guaranteed to cure catarrh, bronchitis, sore throat, croup, coughs and colds or money back. It cleans out a stuffed-up head in a few minutes.

Sold by druggists everywhere, and by Piper Bros. Complete outfit $1.00. And remember that extra bottles if afterwards need cost only 50 cents. Breathe it, that's all.

To break up cold in head or chest in a few minutes, pour a teaspoonful of Hyomei into a bowl of boiling water, cover head and bowl with towel and breathe the vapor.

MEN'S $2.50 and $3.00 SHOES

On lines of Men's Shoes at moderate prices, we are very strong.

We intend that the the man who comes here for $2.50 or $3.00 Shoes shall have full value for his money.

We intend more—We make it our business to give him a better pair of shoes for these prices than he can get elsewhere for a like sum,

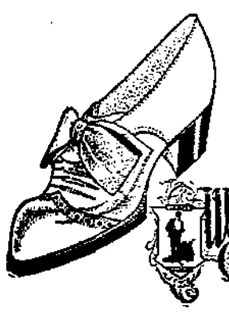
Good Leather, Good Shoemaking, Good Styles, Good Fit, Good values in every way.

The man, who wears moderate priced Shoes, and has not been buying them here—has missed the best.

MEN'S OXFORDS

Our new Oxfords comprise every good feature in Oxford making that the best American Shoemakers can attain.

Patent calf or colt skin leathers, Blucher and plain cut. New two Eyelet effects. Choice Ties. Regular or high heels. Pointed or medium toes. Choice Tans, if you prefer. $2.50, $3, $3.50, $4, $5.



They're Oxford perfection and the man we fit with Oxfords never has that "all feet" feeling that always goes with the wrong shoe.
